Companies from across the state entered the two-part process to determine the Best Places to Work in Vermont. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration and survey process in Vermont and also analyzed the data and used their expertise to determine the final rankings.

Who is number one?

The final rankings for each category will be announced at a special awards presentation on March 26, 2015 at the ECHO Lake Aquarium and Science Center from 5:00 pm thru 7:30 pm.
